Art Unit: 1654

The following is an examiner's statement of reasons for allowance: Claims 1-32 are allowable over the prior art of record or any combination thereof. The prior art of record does not teach or suggest administering the claimed mixtures of proteins in order to promote bypass and increase blood flow in a tissue served by an occluded or partly occluded vessel in a mammal, or in order to promote vessel growth to heal a heart artery that has been partly or fully occluded, or in order to treat ischemic tissue damage in a mammal. See also the Office action mailed May 13, 2004, section 15. The declaration filed on December 27, 2005 under 37 CFR 1.131 is sufficient to antedate Ripamonti et al (U.S. Patent Application Publication 2003/0104977). Accordingly, the rejections set forth in sections 4 and 5 of the Office action mailed July 15, 2005 are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
